EDUCATION

Pamantasan ng lungsod ng valenzuela	
• Bachelor’s of Science Information Technology	2022 -2026
St. Bernadette College of Valenzuela	
• Senior High School - STEM Strand	2020 - 2022

ACADEMIC PROJECTS

Malanday EduTrack Reacj js, Tailwind css, Java Script, Firebase	2026
• Developed a web-based document request system with QR code integration for faster processing and verification. Automated school document request workflows to improve efficiency and reduce manual administrative tasks. Created an accessible online platform for document submission, tracking, and management.	
LEXI'S OTHERWORLDLY FATE	2024
• Performed 3D face modeling for Lexi, creating facial structure and character details to establish a distinct visual identity. Developed facial expression animations to enhance character emotion, personality, and visual presentation. Applied character design and 3D production techniques to create an expressive and presentation-ready visual asset.	2026

Kamora Website	
• Developed a modern restaurant frontend interface emphasizing responsive design and user-centered experience. Implemented category-based food navigation, interactive components, and dynamic UI behavior. Applied responsive layouts and frontend optimization to ensure compatibility across desktop and mobile devices. Built using React, TypeScript, Tailwind CSS, and modern frontend development practices.	
PaWook Website UI	2024
• Created a promotional restaurant website featuring extensive menu categories, product highlights, and multimedia content. Designed a responsive and user-friendly interface with a strong focus on visual branding and customer engagement.	

SKILLS
